Flex

Series

Flex Series

The Flex lounge series of modular lounge pieces are extremely lightweight made completely of block foam. Featuring hem stitch detail, cross in-stitch detail to backrest and optional vinyl or leather handle. Available in a variety of components to create individualised configurations.

Perfectly suited across a diverse range of interior spaces such as public seating areas, breakout areas, mental health, healthcare and education spaces.

Options

Hem stitch detail with cross in-stitch detail to backrest.
 Optional Vinyl or Leather strap (POA).
 Made entirely from block foam to make lightweight and easy to move around.
 Upholstered to specification.
 Custom made sizes available on request.
